## Gregg S. Garson, CEM, CEA, CxA Director, Commissioning Services

With over 25 years' experience in plant operations, building automation and HVAC systems, Gregg has led successful commissioning projects for Sparhawk Group clients in commercial, industrial and multifamily settings. His technical skills and project management background help him to assess opportunities for building performance improvement and develop comprehensive energy solutions for our clients.

### EXPERTISE

- Experienced in commissioning buildings throughout the United States, focused in multifamily, educations, and industrial sectors
- Operated and maintained mechanical systems for 14 buildings totaling 1.5 million square feet
- Strong project management skills which have led to successful outcomes for clients such as grocery stores chains, paper and lumber mills, large office buildings, and manufacturing plants
- Managed operations and maintenance of all building automation and power monitoring systems for a large grocery store chain.

### PROFESSIONAL TRAINING

- Association of Energy Engineers Certified Energy Manager
- Association of Energy Engineers Certified Energy Auditor
- ACG Certified Commissioning Agent
- Certified Sustainable Development Professional
- State of Maine First Class Stationary Steam Engineer License
- Proper Refrigerant Practices, EPA Certification
